*EVIL CHILD*

Once there was a changeling who wanted to be a real human boy...

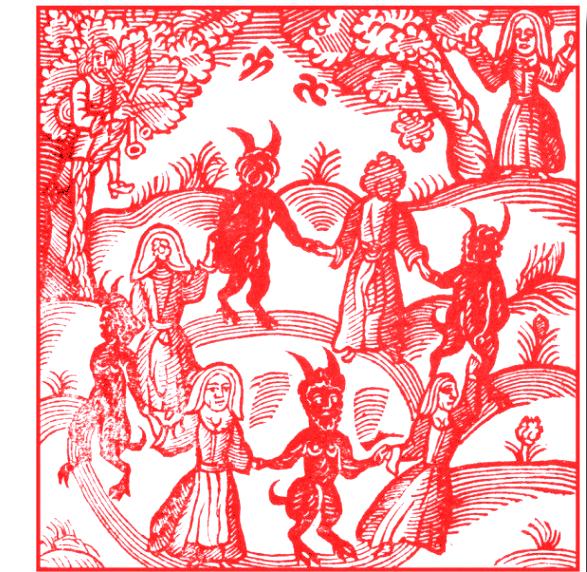

“The fairy folk loved human babies.  
They stole the prettiest, most good-natured  
babies to raise as their own, replacing it with  
a more troublesome fairy baby.”

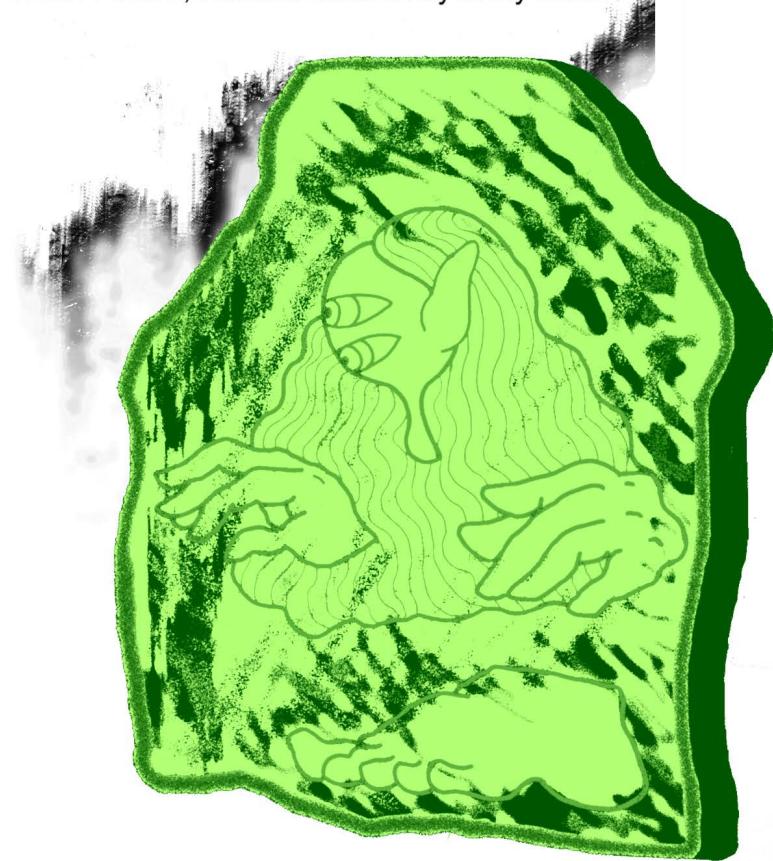

“The baby was offered to the Devil  
as part of the fairy folks’ tithe to Hell.”

I grew up to stories of my grandma telling me about shadow men she saw as a child. I also wasn't scared by the complete silence and absence of noise. No dogs barking, no traffic, no dripping faucet, as if someone pressed the mute button on the world. I also wasn't scared by the smell of burnt meat. It made ...

## The Blue Fairy

From Wikipedia, the free encyclopedia

The Blue Fairy decided that I have proven myself brave, truthful, and unselfish, she finally appeared in my dream, gave me a kiss, and commended me for having taken care of myself.

Upon awakening, I became a real human, and all my copper coins have turned to gold, accompanied by a note from the Fairy professing her responsibility. I was reborn as a real human boy, and everyone celebrated inside the fairy ring.

Also did you know that the first devil was an angel in blue?

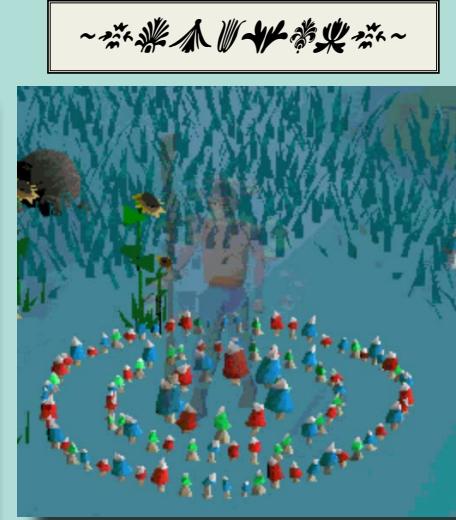

# Watch out for the fairy ring!

Once had a dream where fairies enchanted  
all my friends into sleep and then  
asked me if I want to join them or spend  
the eternity wide awake in solitude.

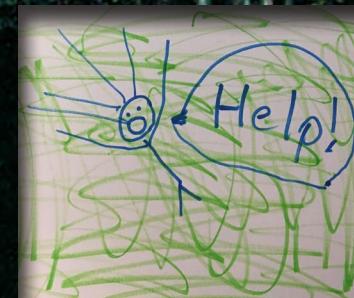

"Please help me."

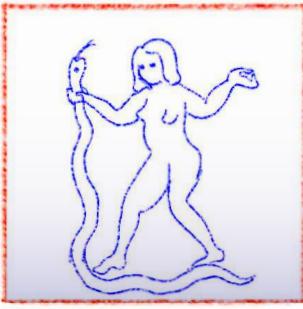

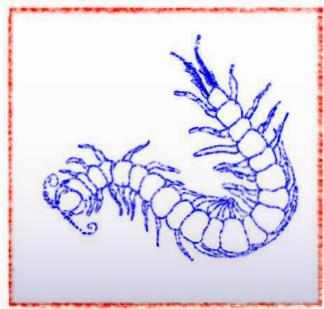

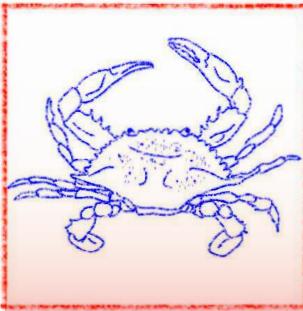

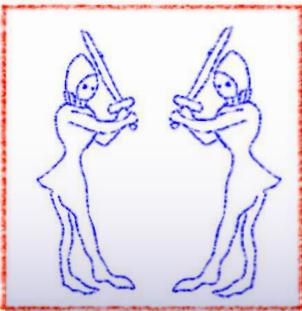

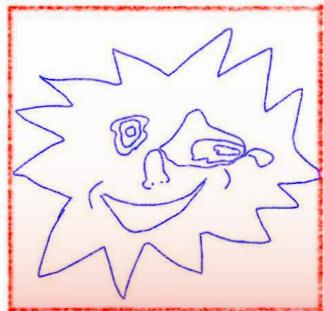

"Please..."

Missing : Remember my name but forget  
this place! I promised their safety but  
I failed them ...
